McKean Co. Kiddies Make Fair a Success and Dissipate Gloom

Friday Proves Record-Breaker for Last-Day Attendance and Overcomes Thu sday's Big Slump; Able Management Points Way to Closer Co-operation; Vast Throngs Praise Officers for Best Exposition in Years.

The McKean County Fair Association scored another triumph this year.

The County Fair has gone over the top and in better fashion than it did one year ago.

For the first three days, however, discouragement held sway, but when Friday came around and about all the foot-loose kiddies in the county brought their parents to that which proved to be one of the best expositions ever held in McKean county, the balance was turned in the association's favor.

It required skillful management, however, to turn the trick. This was accomplished, in part, by means of better provision for attendants in autos and the staging of two super-free attractions directly in front of the grandstand, which brought a record-breaking patronage to that structure.

Friday the record was broken for last-day attendance at the Fair. Just 1,435 paid admissions were recorded at the gates as against 533 for Friday of one year ago, while the grandstand drew 706 patrons as against 138 for the previous year.

A comparison of the attendance from day to day as between 1921 and 1922, follows:

	1921	1922
Tuesday	84	38
Wednesday	1028	809
Thursday	3558	3200
Friday	533	1435
Total	5203	5485

Showing gain of 282.

The total number of vehicles attending the Fair during the four days were 1,234, as against 933 for 1921, showing a gain of 301, while the grandstand revealed patronage on the part of 2,042 persons this year, as against 1,645 for 1921—a gain of 397. Thus the augmented patronage of grandstand, the materially increased number of vehicles and the record attendance of Friday were the things which brought success when the evident slump in Thursday's attendance made the outlook appear decidedly gloomy.

There will be a slight balance in the treasury this year, just how much, has not as yet been determined; but there are funds sufficient to meet all bills promptly, and Treasurer Holmes is now busily engaged in the settlement of all financial obligations. Next week Mr. Holmes hopes to be able to submit a financial statement of the business to date, a statement, by the way, which bids fair to reveal what a closer co-operation on the part of the people can do to make the McKean County Fair an assured success at all times.

President Hilton, Treasurer Holmes and Secretary Rice with their crops of workers have been right on the job all summer and success this year is due entirely to their unrelenting zeal and painstaking efforts. The many attendants at the Fair this year noted with favor the numerous changes for the better and were loud in their praise of the excellent work performed.

The list of premiums awards, now in process of compilation, the full list of which will be published in next week's issue of The Miner, reveals that Smethport, Farmers Valley, Port Allegany, Turtle Point, Coryville, Eldred, and Colegrove were the leading contestants for honors in the various departments and secured the bulk of the awards. Taken altogether, however, practically every portions of the county was represented by exhibits.

One of the greatest features of the last day of the Fair was the High school field meet in which Smethport, Hazelhurst, Mt. Jewett, Port Allegany and Kane participated. An immense crowd witnessed the performance of the boys and enthusiasm was rampant from start to finish.

Kane won the county championship by an overwhelming score, taking first place in nearly all events and in some instances capturing first and second. The score by points was Kane 44, Smethport 14, Mt. Jewett 11, Port Allegany 7, Hazelhurst 4.

The various events resulted as follows:

100-yard dash, Young, Kane first; W. McDade, Kane, second; Mundy, Smethport, third. Time, 10 4-5 seconds. Young won this race easily.

440-yard dash, W. McDade, Kane, first; R. McDade, Kane, second; Cook, Port Allegany, third. Time one minute, two seconds.

One-half mile run, R. McDade, Kane, first; Larcom, Port Allegany, second; Larson, Mt. Jewett, third. Time two minutes and 25 seconds.

One mile run, Killinger, Kane, first; Johnson, Smethport, second; Denning, Smethport, third.

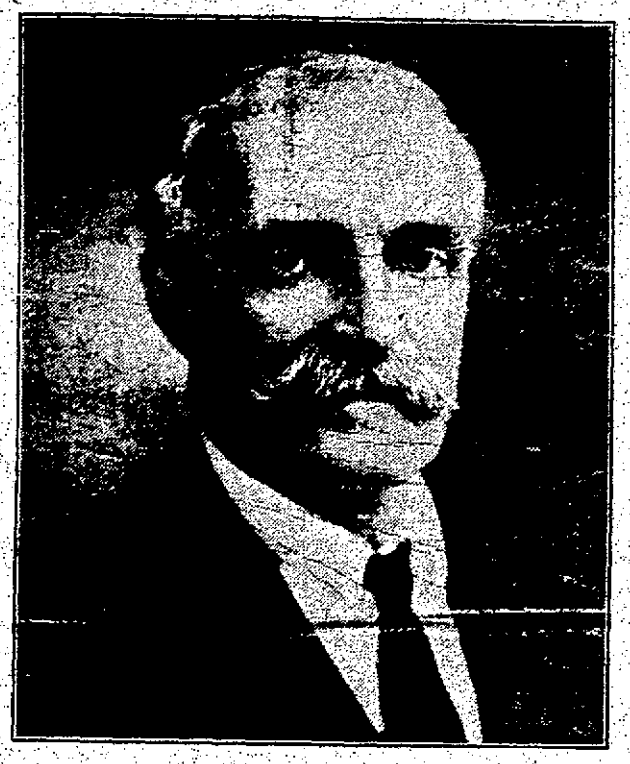
220 yard low hurdles, Mundy, Smethport, first; Johnson, Smethport, second; Lundgren, Kane, third. Time 32 1-5 seconds.

Half-mile relay, Kane, first (Young Corey, Lundgren, McDade); Port Allegany, second; Mt. Jewett, third.

High Jump, Quist, Mt. Jewett, first; Corey, Kane, and Rankin, Kane, tied for second place. 5 ft. 2 in.

Pole vault, Corey, Kane, first; Zawaki, Hazelhurst, second; Randall, Hazelhurst, third. 8 ft. 6 in.

Broad jump, Quist, Mt. Jewett, first; Mundy, Smethport, second; Metzgar, Smethport, third. 16 ft 8 inches.



HON. GIFFORD PINCHOT,
The next Governor of Pennsylvania.

LOCAL EDITOR, BEATEN AT EVERY TURN, RESORTS TO CALLING BAD NAMES

A bit bird always flutters. Wholly unable to disprove The Miner's charge that his contention of disunity among good roads advocates of McKean county was the result of a brainstorm imagination, pure and simple, the editor of the McKean County Democrat is belittling himself both by awkwardly sidestepping an issue that proved too hot for him and resorting to journalism of the gutter-snipe variety in an effort to have his readers believe that the editor of The Miner is a person of questionable repute. In a recent issue the Democrat referred to the four editors in charge of The Miner during the past four years as "tourist managers" and "temporary sojourners, on their way from no place to no place and having no interests to serve," evidently forgetting that Mr. Knapp, the present able editor of the Kane Republican; Gordon B. Propt, a clean-cut, well educated young husband and father from Baltimore, Md., and the venerable R. M. Swisher, Civil war veteran, Mt. Jewett editor for years and present owner and editor of the Custer, (O.) News, were among those labeled thusly. It is passing strange, however, that the Democrat editor's memory is so keen with respect to The Miner's editors of the past four years and so dull concerning the number employed by his own publication during the same period of time. Speak up, Russ: how many editors has the Democrat had since the days of Editor Baker, back in 1918? The Miner can tell you, if you can't. The Miner also can tell you of the days when the Democrat couldn't find even a "hobo" to edit it and was dependent wholly upon The Miner for its regular appearance from week to week. But when you, Russ, with "nervous toe and far-away look", WALKED into town and found a table under which to put your feet, The Miner was mighty glad of it; for you got a job, Russ, and relieved The Miner of part of its double load. Yet withal this—simply Because your brainstorm has been knocked galley west and crooked—you are sufficiently uncharitable to say that The Miner's editors, singly and severally, have been "instructed to make war on the Democrat." Aw, shucks! In the light of what The Miner has done for the Democrat, can't you come back with something more convincing than that?

Stop, look, listen: It was villification of every person who disagreed with your brainstorm good roads (?) policy that got you in bad and compelled your employers to call your hand. Dubbing good people Judas Iscariots, Benedict Arnolds and "hobues," isn't argument, Russ. It's the last refuge of one who hasn't the courage to admit that he's been barking up the wrong tree.

We've hit you hard, Russ, we know. But it was coming to you. Why not be decent? Quit that guttersnipe-character-assassination stuff. Can't you see it has failed in every instance? Isn't there something of a possibility that it may fail you again? Truly, your personal estimates are widely at variance with facts. Remember the admonition.

"He that robbeth me of my good name filcheth that which enricheth him not, but makes me poor indeed."

The Miner doesn't dislike you, Russ, and it never did and it never will knock you or your business. But when you go wrong on matters which affect the body politic or economic, as you have done recently, we're going to tell you about it, sans anger, sans malice. You are a big chap, young, and with plenty of nerve. Why not combine a little intelligence with it? Put on the soft pedal now and then. Fortissimo stuff is all right in its place, but you've touted too loud too long. That's all, Russ, except the following clipped from the Democrat for last week, which we reprint without comment:

The temporary itinerant custodian of a certain Main street publicity grind organ, who has set himself on a pedestal as an authority on political matters in this neck of woods and has already been guilty of violating recognized ethics of the newspaper profession in seizing upon the purely news report of a convention of the minority political party to perpetuate a silly, alleged comic account of the meeting on his indulgent readers, is evidently in a political haze himself.

The other day he visited a local business place, where the light local registration of voters was being discussed and a local politician made the assertion that owing to the importance of the coming election every voter should register.

"That's right," said the itinerant intellectual, "this is a presidential year," and his hearers are still wondering if voters, where the journalistic sojourner comes from, have to be lead to the polling places by the hand. At least they should be if they possess the political intelligence exhibited by their departed townsman.

The Main street farce comedian expended considerable effort recently in attempting to give an alleged facetious report of an imaginary dialogue between the editors of the Eldred Eagle and the Democrat. With pleasure we present the above brilliant remark which the Miner editor actually made.

Like the majority of would-be comedians the only funny thing about the Miner editor is himself. And that bird is some joke and no mistake.

The Democrat recognizes the proverbial hospitality of Smethport people, suggests that a special ballot be printed for the Miner editor so that he can vote for his choice for president this year. We want him to feel at home.

REV. VANDYKE LEAVES FOR HOME SEPTEMBER 22.

Rev. William E. VanDyke, rector of St. Luke's Episcopal church, who is attending the general conference of the Episcopal church in Portland, Oregon, will leave Portland for home Friday, September 22, arriving in Smethport September 28 or 29. Rev. Mr. Van Dyke left Smethport late in August.

A. S. L. SPEAKER HERE SUNDAY.

A representative of the Anti-Saloon league will occupy the pulpit of the First Baptist church Sunday morning at 10:30. The speaker will report on the work of the league for the past year and make known its future intentions concerning law enforcement. All are invited.

BOROUGH MANAGER SAYS THAT ELECTRICITY'S READY FOR "BIG LOOP" RESIDENTS

The street lights failed to perform well Monday night and the fact elicited considerable comment. All speculation was set aside, however, when the fact became known that the automatic current device was not performing its functions and that word had been dispatched to Ridgway to send over an electrician to adjust it. Failure of the device to work properly was due to the attachment of lights in some of the side streets, a difficulty which Manager Backus remedied Tuesday, when the electrician failed to arrive as per schedule.

Manager Backus in a statement Wednesday said that all is now in readiness to supply light, heat and power to all residents within the "big loop" extending from the power house in Water street to Nelson street; from Nelson to King; from King to a point opposite the Mayo residence, thence to Water street and back to the power house.

Work of extending the lines along the side streets is being rushed to completion, particular attention being given those streets which promise the greatest volume of business. Local electricians are fairly besieged with orders for wiring and installations, and borough government heads feel assured that the municipal electric project will meet up with, if not exceed, their fondest expectations.

The Mechanic street improvement was thrown open to traffic Monday and presents a fine appearance. A force of workmen under the direction of Contractor Guncheon is now engaged in laying concrete to the full width of Mechanic street where it intersects with Main street, so as to afford room for all vehicles to turn. At the same time the enterprising firm of Holmes & Gilfillan are contemplating concrete connections with the new paved roadway in order to facilitate the heavy hauling incidental to their business. Thus when all improvements are completed Mechanic street will become one of the finest thoroughfares in the borough.

AGED CITIZEN TAKEN TO BUFFALO HOSPITAL

Mr. Munn reports that Mr. McKendrick rallied nicely from the operation and strong hopes are entertained for his recovery.

Hon. Gifford Pinchot Next Governor Comes to Smethport, Sep. 28

Foremost Keystone Citizen to Speak From Bandstand in Court House Grounds; Brilliant Party of Statesmen and Correspondents Accompany Leader; Also Vists Bradford, Kane and Port Allegany.

Hon. Gifford Pinchot, Republican candidate for governor of Pennsylvania, with a party of distinguished citizens, composed of Hon. David J. Davis, candidate for lieutenant governor; Hon. W. L. Swoope, congressional candidate, and Hon. Oscar E. Gustafson, candidate for the state assembly, will visit Smethport in the morning of Thursday, September 28, in a tour of the state, embracing important points in McKean county and Northwestern Pennsylvania. The party will be conducted by Hon. Scott Smith, chairman of the McKean county Republican executive committee.

Arriving in Smethport at 9:45 a. m., the distinguished visitors will hold a brief reception in the lobby of the Grand Central hotel, following which they will repair to the court house grounds, where Mr. Pinchot will deliver a brief address on the issues of the day. For the reason that it is the intention of the party to make all important points in the county during the hours of the morning, their stay in Smethport necessarily will be limited. The itinerary arranged provides for a flying trip through the county, and will include Port Allegany, Smethport, Bradford and Kane, in the order named, and as follows:

Port Allegany, 9 a. m.
Smethport, 9:45 a. m.
Bradford, 10:30 to 11:30 a. m.
Kane, 12:45 to 2 p. m.

A veritable editor of Smethport Republicans will meet the future governor and his party at Port Allegany and accompany him here. Preparations for a royal welcome are being made, and although their stay will be a short one, local Republicans intend to show the distinguished guests that Smethport is an important place on the map.

Philadelphia, Pittsburgh and Altoona newspapers will be represented by Colly S. Baker of the Philadelphia North American; R. J. Beamish of the Philadelphia Inquirer; Thomas F. Healy, of the Philadelphia Public Ledger; Alexander Geddes of the Philadelphia Bulletin; William J. Grundish of the Pittsburgh Gazette-Times; and J. Herbert Walker of the Altoona Tribune. Two representatives of the Associated Press also will accompany the party.

The party is traveling in motor cars. Completing their tour of McKean county with a rousing meeting at Kane between 12:45 and 2 p. m., they will make a hurried run to Johnsonburg, Ridgway and other Elk county points, concluding the day's work with a rousing meeting at DuBois in the evening.

The day prior to coming to McKean county, the candidates will tour Tioga and Potter counties.

A. Nevin Detrich, Republican campaign manager, who visited Smethport, Saturday, to arrange for the itinerary, reports enthusiasm for the Republican cause at high pitch in every part of the state and predicts a Republican victory of the old fashioned variety throughout the state. Mr. Detrich expressed himself as highly satisfied with conditions in McKean county.

FIRE AT FARMERS VALLEY DESTROYS ENTIRE CROP OF WELL KNOWN CITIZEN

Farmers Valley was the scene of quite a conflagration between the hours of 8:30 and 10 o'clock Friday night, when a large hay barn, a garage and a shop building on the Beale Ferman farm were completely destroyed.

Mr. Frank McGill of Oil City, who was driving along the road about 8:30 o'clock, brought his car to a halt when he thought he saw smoke issuing from the hay barn and just as he approached the house to inform Mr. Ferman of his discovery every side of the structure appeared to be enveloped in flames. Mr. Ferman had visited the barn only a few minutes before Mr. McGill's arrival but found everything apparently safe and sound, and is wholly at a loss to account for the origin of the fire.

Realizing almost from the start that the barn was doomed, the men exerted themselves to keep it from spreading, while members of the family summoned help by phone. The blaze, however, was so great that every resident of the immediate neighborhood arrived on the scene in record time. Efforts to save the garage and shop building, however, proved futile because of an inadequate water supply. In their desperation motorists rushed water in milk cans to the fire from the creek one mile distant.

A phone message to Smethport brought the fire crew and truck to the scene, but too late to prove of any benefit, for within the short space of one hour and a half the three buildings were a mass of embers.

The illumination from the fire was so great that it brought autoists to the scene from miles around, practically all of whom joined in the attempt to subdue the flames.

With the exception of his oat crop stored in a barn some 200 feet from the scene, Mr. Ferman's entire crop was destroyed, and the loss falls especially hard on him because he carried only a nominal insurance. Fortunately there were no horses or cattle in the barn, Mr. Ferman having turned them into pasture for the night.

TAKES CHILD TO HOSPITAL.

Ruth, the little daughter of Mr. and Mrs. C. W. Masser, who has been critically ill for the past two weeks, was taken to the Bradford hospital today. They were accompanied by Dr. Hamilton. Consultation was held early Monday morning by Dr. Tindolph of Olean and Dr. Hamilton of Smethport.

ORTHODOX JEWS PLAN TO OBSERVE NEW YEAR.

Rosh Hashanah, popularly called New Year, will be celebrated in all the Jewish synagogues the world over beginning at sunset Friday evening, September 22, and continuing until sundown Saturday evening, the 23d. Among the more orthodox Jews, a second day, Sunday, the 24th is observed as scrupulously as the first day.

In conformity with their custom of observing all holidays, the firm of H. W. Rubin & Son will close their place of business throughout all of Saturday, reopening Monday morning. Monday, October 1, however, brings another Jewish holiday, known as the Day of the Atonement, which will be observed by all believers in a like manner.

TWO AUTOS IN CRASH ON TOP OF REW HILL.

A Buick touring car owned by Edwin Crattle of Rew City, and a Studebaker car owned by Gust Anderson of Ludlow, containing besides Mr. Anderson his wife and six children, collided on the top of Row hill early Sunday evening. Outside of a few minor bruises sustained by Mrs. Anderson, all escaped unhurt. The two cars came together with such force that they had to be pried apart. The front end of each car was completely demolished. Responsibility for the accident has not ben placed, although Mr. Crattle has been quoted as saying that the sun was shining strongly in his eyes when the crash came.

TURTLE POINT

We hear that John Case expects to move his family to Port Allegany in the near future.

Mr. and Mrs. Guy Crandall, Mr. and Mrs. Herald Crandall and son Fred, from Bradford visited Mr. and Mrs. T. F. Hughes, Sunday afternoon.

Some who attended the fair last week said it seemed more like a carnival than a Fair. We hope next year there will be more stock and not quite so much show. It looks as though the farmers were losing all interest.

T. F. Hughes had the silo cutters Saturday last. Will Cabisca's machine did the cutting.

School commences this Monday at Turtle Point.

Mrs. Ernest Lindsey is nursing a felon on one of her fingures at this writing.

These cool nights make one think that winter is getting near at hand.

Gypsies were seen on our streets last Friday.

We hear that Tommie Ryan only made one trip to Bradford with cream for John Case.

Arthur Taylor, George Case and Lucille Murphy are attending the Port Allegany school this year from Turtle Point.

We are informed that Alene McGill, who went to Denver, Colorado, has a school at or near that place and is teaching there. We feel that Alene was very brave in taking the step she did and we wish her great success.

ALL GRANGERS RECEIVE PICTURE OF McSPARREN.

If any farmer living in the state of Pennsylvania has not received a beautiful half-tone likeness of John A. McSparren, master of the Pennsylvania State Grange, then that particular farmer has been slighted, for copies of Mr. McSparren's likeness are being circulated broadcast, Smethport and vicinity particularly, being fairly deluged with them the past week. At first glance it looks as if John A. is trying to get in a-head of Gifford Pinchot in his swing around the circle, and is using his high position as master of the State Grange for that purpose. But perish the thought! No reference to politics accompanies the likeness, the which leads the recipient to infer that McSparren wants to show the grangers how really good looking he is. There are persons, however, who believe that the Democratic state executive committee is responsible for the handsome gift so freely bestowed.

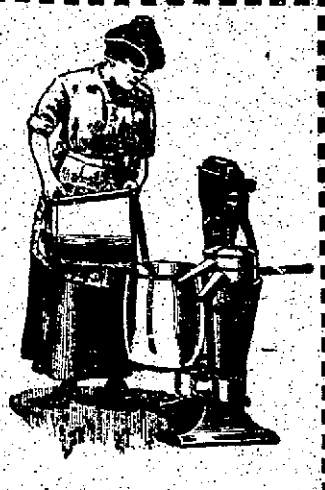
More Cream Money

More cream means more money. There's cream slipping away every day in your dairy. Thousands of scientific tests have proven beyond question that 95 per cent of all hand driven separators are turned below speed a great part of the time. Every member of the family turns the separator at a different speed. If the speed is allowed to slacken, even for a moment, *your* separator will lose a lot of cream.



SHARPLES
Famous Suction-Feed
"Skims clean at any Speed"
SEPARATOR

The bowl draws in just enough milk to insure clean skimming. You can turn fast and get through quickly because the capacity increases with the speed. Your wife or daughter may turn slower—according to their strength. The Suction-feed will always skim clean and deliver smooth cream of even thickness—not thick today and thin tomorrow.

There are no discs to wash—only one piece in the bowl, simple as a napkin ring. The supply can is only knee-high. You can empty heavy pails and cans of milk without straining back or arms. Come in and see it for yourself.

UNCLE TOM'S CABIN CO. SMETHPORT, NEXT FRIDAY.

The John F Stowe "Uncle Tom's Cabin," with more than 50 people and which requires 12 big motor cars and trucks for its transportation, will give one grand night performance at Smethport, September 22, 1922.

UNCLE TOM IS COMING TO SMETHPORT, FRIDAY FOR ONE PERFORMANCE.

There never has been so lavish and adequate a production of "Uncle Tom's Cabin" as that which John F. Stowe will offer amusement lovers at Smethport, on Friday September 22.

The scenes which are large enough to fill the most spacious stage could not be easily improved. Those representing the Ohio river in winter, the rocky pass in which George Harris protects his family, the St. Claire plantation, the levee at New Orleans, the cotton fields in full bloom, and the "Celestial City," are all most notable effects. Each pictures the reality as closely as paint and canvas will permit and the stage prospecting is so big that the effect is exceptionally pleasing. The company is also worthy of the environment. One grand night performance only, at Main street opposite the court house, Smethport Friday Sept 22.

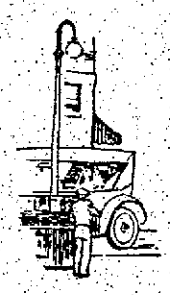
The Panorama Top

a feature of the new Marmon Phaeton



ALL concede that the new 7-passenger Marmon Phaeton brings the final-type all-year car, the climax to years of effort to combine airy openness in summer with snug sedan coziness in winter.

Until they could announce the solution of many technical problems, Marmon engineers refused to bring out such a car. Heretofore all attempts of convertibility have been makeshifts, as you know.

The Panorama Top is an inbuilt feature of the new Marmon Phaeton. It is a *designed* unit. And the winter panels are included for very little additional. So don't confuse it with the ordinary, clumsy, squeaky winter top.

The new Marmon Phaeton, with the Panorama Top, is the kind of a car you've been expecting. In addition to its complete convertibility, it brings all the refinements resulting from 20 years of experience. Note its new, lower lines. See how we have attained even greater passenger comfort. Let us point out its mechanical superiorities—let us prove its economies.

The new Marmon Phaeton was announced but two weeks ago. Here, as all over the country, it has been a delightful surprise. A throng of people have been in to see it. We invite you.

"We cannot escape history"

The history of the successful man invariably proves that he has been systematic in "money matters." He is a man who not only has a Savings account with a strong bank, but whose thrift extends still farther—he has a Checking Account. The man with the checking account eliminates waste, prevents mistakes and has a record of expenditures, as well as an indisputable receipt for every bill he pays.

We invite both classes of accounts and assure helpful, friendly advice in your financial affairs.

Making 20 Years of Racing Serve Car Owners Today

IN the early days of automobile contests, Barney Oldfield—out to win every race—studied tires. His consistent success led other drivers to ask for tires constructed to his specifications.

Twenty years of road and track victories—with a steady and increasing demand for tires as he built them—convinced Barney Oldfield that these speed tests pointed the way to a better tire for everyday use.

The enthusiastic reception of Oldfield Cords by the public proved he was right. Scores of the most prominent dealers in the country—and many thousands of car owners, experienced in the use of tires—bear witness by their decided preference that Oldfield is doing a bigger and better job of tire making.

This volume, handled in an effective way in every phase of manufacture and distribution, has resulted in price quotations far below what you'd expect on tires known to be better built and more enduring.

Practically every important race event for three years has been won on Oldfields. The Wichita Test Run in which an entire set of Oldfield Cords covered 34,525 miles on rough roads proves the mettle of the Most Trustworthy Tires Built in everyday driving.

The Master Driver and Tire Builder has given the public a new standard of tire wear and tire cost—a true economy that every car owner should know about.

Your Oldfield dealer has these facts—talk to him.

IT'S SERVICE THAT MEASURES SUCCESS

By ARE H. EMM.

It isn't the cut of the clothes that you wear,
Nor the stuff out of which they are made
Though chosen with taste and fastidious care,
And it isn't the price that you paid.
It isn't the servants that come at your call,
Nor the number of acres that you own,
It isn't a question of prestige or rank,
Nor of sinew, and muscle, and bone.
It isn't the servants that come at your call,
It isn't the things that you possess.
Whether many, or little—or nothing at all,
It's the service that measures success.

It isn't a question of name, or of length
Of an ancestral pedigree.
Nor a question of mental vigor and strength,
Nor a question of social degree;
It isn't a question of city or town,
Nor a question of doctrine or creed
It isn't a question of fame or renown
Nor a question of valorous deed;
But he who makes somebody happy each day,
And he who gives heed to distress
Will find satisfaction the richest of pay,
For it's service that measures success.
